DETAILED ACTION

This final rejection is in response to Applicant's after-final amendment filed on 6/21/2010. Applicant amends claim 1, 7, and 12 and previously cancelled claims 3-6, 10, 11, 13, 16, 17, 19, and 21. Accordingly, Applicant presents claims 1, 2, 7-9, 12, 14, 15, 18, 20, and 22 for further examination.

I. ALLOWABLE SUBJECT MATTER

Claims 1, 2, 7-9, 12, 14, 15, 18, 20, and 22 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

II. CLAIM REJECTIONS - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

- A. Claims 1, 2, 7-9, 12, 14, 15, 18, 20, and 22 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.**

Specifically, independent claim 1 is rejected because of the phrase "...and all its neighboring vertices previously removed." The phrase is confusing because the claims do not specify or describe how or when the neighboring vertices were removed. The claim is also unclear because the claim does not specify from what claim element the neighboring vertices were removed. There should be additional claim language that clarifies the nature of these neighboring vertices.

For example, Applicant should specify that the neighboring vertices are removed from the same graph as the currently removed vertex. Applicant should also specify a step as to how and when the neighboring vertices were removed (e.g., were the neighboring vertices also removed because they had a connectivity count equal to zero, were the neighboring vertices removed in the same method as the currently removed vertex).

To expedite prosecution, Applicant may consider scheduling an interview in order to discuss proposed language that would overcome this rejection.

Similar remarks apply to independent claims 7 and 12.

III. CONCLUSION

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
